Welcome to the Reston Swim Team Association

The Reston Swim Team Association (RSTA) is a year-round developmental swim league open to all swimmers between the ages of 6 and 18. RSTA's purposes include:

- to foster and promote the ideals of good sportsmanship, honesty, and perseverance in the children of Reston, Virginia, and environs, so they will grow into finer, stronger, and healthier men and women
- to encourage parental participation in RSTA activities so as to foster those benefits derived from the mutual involvement of parents and children in a common endeavor
- to provide a means for teaching and a forum for learning both the fundamentals and the fine points of swimming, so as to heighten appreciation of such activity as well as to encourage healthful, lifelong participation in swimming activities.

RSTA accomplishes these purposes by providing coaching to teach the fundamentals and fine points of swimming and by providing opportunities for supervised competitive swimming. The summer league brings together up to 880 swimmers from the greater Reston area. These swimmers practice and compete on eight teams with up to 110 swimmers per team. During the course of a summer season from late May to the end of July, swimmers practice almost daily and compete in six dual meets, an optional Individual Medley meet, and a select All Star meet. Six coaches for each team are hired each summer. Many are current or former RSTA swimmers.

Our winter program offers sessions on Sundays and Tuesday/Thursday evenings from September through May. It provides developmental clinics and sessions designed to improve swimmers' stroke technique and endurance.

This handbook was created to provide information about RSTA, its teams, and events. If you don't find the information you're looking for here, please visit our website at www.rsta.org where you'll find an abundance of additional information.

See you on the pool deck!

Lyn Fiscus Cordts
RSTA President

RSTA Parent Code of Conduct

I hereby pledge to provide positive support, care, and encouragement for my child participating in RSTA by following this Parent Code of Conduct:

I will encourage good sportsmanship by demonstrating positive support for all swimmers, coaches, and officials.

I will do my best to make RSTA fun for my child.

I will ask my child to treat other swimmers, coaches, officials, parents, and spectators with respect regardless, of race, age, gender, creed, or ability.

I will treat officials and coaches with respect. They are there to ensure a safe and healthy environment. Officials and coaches deserve the same type of environment from the parents and spectators.

I will strive to be a good role model for my child and the other children in RSTA.

I will encourage my child to learn to lose with dignity and win with grace.

I will respect my child's coach and do my best to have my child at all practices and meets on time.

I will recognize the importance of young coaches. I realize they are important to the development of my child and the program. I also recognize that this league is a developmental opportunity for the coaches as well. I will support their decisions and provide constructive feedback to Managers, Officials, and members of RSTA's Personnel Committee so they can help our coaches develop.

Furthermore, I understand that if my conduct or language at a meet is deemed to be un-sportsmanlike by the Managers or Meet Officials, I may be asked to leave the pool area. The decision to ask a spectator to leave is at the discretion of the Referee after consultation with the other Officials (Stroke and Turn Judges, Starter) for the meet.

Based on http://www.ymcanwnc.org/wp-content/uploads/2011/07/ao_sports_parent_code_of_conduct.pdf and http://www.aareced.com/reced.youthsports/code_of_ethics_for_coaches_and_parents

SafeKids Program

Reston Swim Team Association is committed to provide a safe environment and to prevent child abuse and sexual misconduct. The following constitute our policies with regard to awareness and prevention of abuse within our organization:

- RSTA will make every reasonable effort to exclude any adult with a legally documented history of child abuse/molestation or any other conviction or record that would bring unnecessary risk to the health and safety of the participants of this organization.
- RSTA will perform a criminal background check on every person offered a coaching or manager position at our organization.
- RSTA will take appropriate action on all allegations of child abuse and/or sexual misconduct. All allegations will be reported immediately to the authorities for investigation and RSTA will cooperate fully with any such investigation.

The following represent the preventive measures of our organization with regard to abuse:

- Physical, mental, and verbal abuse of any of the participants, coaches, managers, employees, volunteers involved in our sponsored activities is not permitted.

Rules of Competition

The objective and primary purpose of the Reston Swim Team Association shall be the education (i.e., instruction and training) of all individuals ages 6–18 for the purpose of developing and improving their capabilities in the sport of swimming. In addition to the development of competitive skills, RSTA shall promote the virtues of good conduct and sportsmanship.

Rules

All interpretations of rules contained in this handbook will be made by the Rules of Competition and Officiating Committee. Protests regarding conduct of the meet and/or violations of the RSTA Rules of Competition shall be made to the Referee immediately. As the senior meet official, the Referee's review and decision regarding any protests at the meet are final. The protestor(s) may appeal the Referee's decision by filing a written protest with the RSTA Board of Directors within twenty-four (24) hours of the meet's conclusion. Written protests will be heard by the Rules of Competition Officiating Committee as set forth in Section Two (2) L2 of the Bylaws.

League Structure and Competition

The RSTA shall consist of eight (8) teams. Each team shall compete in dual meets in accordance with the 2016 RSTA schedule. For the 2016 season the RSTA teams shall be:

- Autumnwood (AW)
- Glade (GL)
- Hunters Woods (HW)
- Lake Anne (AN)
- Lake Audubon (LA)
- Lake Newport (LN)
- North Hills (NH)
- Ridge Heights (RH)

The following RSTA Championship Teams shall be determined by the best win-loss percentage with any ties being considered co-champions:

- Overall League Championship Team
- Five Age Group Championship Teams (8 & Under, 9–10, 11–12, 13–14 and 15–18)
- Three Class Championship Teams ("A", "B" and "C")

Swimmer Eligibility and Team Assignment

To qualify for participation in RSTA, a swimmer must:

- Be registered in accordance with the policies of RSTA
- Be six (6) years of age by June 15, 2016

All children under the age of 11 are required to participate in and pass the new swimmer evaluation to register in the summer league. RSTA has revised its new swimmer assessment process to give new swimmers and their families a more realistic understanding of the demands of a daily swim practice and the likelihood that their child is capable enough in the water to be safe and have a fun and rewarding swim team experience. New swimmer evaluations will take place prior to new family registration.

During the evaluations, RSTA coaches will conduct a 45-minute practice that incorporates the skills detailed below. New swimmers will be evaluated by RSTA evaluators, who are

representative of RSTA teams. Final decisions will be communicated to parents within 48 hours after the end of the evaluation.

Evaluations will be based on performance in the following categories:

- **Swim Team Readiness:** comfort level in water, as well as willingness and interest to practice developmental swimming with teammates for 45 minutes in the pool.
- **Water Readiness:** ability to function safely in shallow and deep water while swimming, diving, bobbing, and treading water.
- **Stroke Readiness:** ability to complete an age appropriate distance of front crawl stroke and backstroke (25 meters for 8 and under, 50 meters for older ages) as well as willingness to learn, practice, and improve the four competitive strokes through drills and instruction.

The criteria for Water Readiness and Stroke Readiness are based upon a combination of published American Red Cross Level 3 and Level 4 swimming skills. Swim Team Readiness criteria is based upon RSTA new swimmer development standards.

Registration

RSTA follows a tiered registration process:

- **Returning families:** Registration opens first to returning RSTA families whose children swam on an RSTA team the previous summer. They can register new siblings, who must then also register for and participate in the new swimmer evaluation if they are under the age of 11. During registration, returning swimmers who wish to swim for a different team may submit a request to change teams. Requests will be accommodated if openings are available.
- **RSTA Winter Swim:** Registration then extends to RSTA Winter Swim participants.
- **New families:** New family registration opens after Winter Swim participant registration. For new children under age 11, the registration system requires a code to be entered indicating that the child passed the new swimmer evaluation. Winter swim and new families are encouraged to select teams with open positions if their first choice for team is full.

For safety reasons, teams are capped at 110 swimmers, which includes all swimming coaches. RSTA does not offer waiting lists, but may offer openings if swimmers drop from teams prior to the registration close date.

Swimmers must pay all fees as requested. Financial assistance can be requested with registrations. No refunds will be issued except in the case of failed swim evaluations, team limits, moves greater than 50 miles, and major medical emergencies. RSTA reserves the right to revoke the registration or participation of any swimmer if unreasonable demands are placed on the time and attention of coaching staff and/or team managers. These cases will be reviewed and acted upon by the RSTA Executive Committee.

Safety Rules

These safety rules apply to all RSTA events (practices, warm-ups, and meets):

- No breakable containers are allowed on deck.
- No running on deck.

- No dunking, tripping, pushing, or other rough play is allowed.
- No one is allowed on the diving boards or in baby pools.
- Only Reston Association employees are allowed on lifeguard towers.
- Only feet-first entry is allowed into general warm-up lanes during warm-ups.
- Only feet-first entry is allowed in preparation for starting backstroke events.
- Sprint lanes (one direction swimming only) will be used to practice racing starts.
- Swimmers should stay to the right when swimming in practices or warm-ups.
- At least two coaches shall be present.

Alcohol

- No alcoholic beverages shall be permitted in the pool area during meets or practices.

Smoking

- There shall be no smoking in the pool area.

Time Classifications

Each RSTA swimmer's times shall be classified as an "A," "B," or "C" time for each event swum based on the swimmer's recorded times relative to the RSTA 2016 Time Standards (see the chart inside the back cover).

2016 Time Standards

See page 82 of this handbook for the 2016 time standards. Time Standards are also viewable on the website (www.RSTA.org).

Rankings

The RSTA shall maintain a ranking of swimmers for each stroke by gender and age group. The ranking shall be updated each week of the season to reflect improved times with the time used always being the swimmer's best time. Rankings will be posted each week on the RSTA website. The ranking shall determine each swimmer's All Star qualification.

Dual Meet Competition

A dual meet is a regularly scheduled meet between any two teams in the RSTA. See elsewhere in this handbook (refer to table of contents) for Order of Events and 2016 schedule.

General Rules of Competition

Except as modified herein, the rules governing the conduct of swimming meets are the "2016 United States Swimming Rules and Regulations."

Only those swimmers on a team's official roster in compliance with RSTA rules shall be eligible to compete in a dual meet.

A swimmer may enter a maximum of three (3) individual events and two (2) relays in any dual meet. Regular attendance at meets is important! A swimmer must attend at least three (3) dual meets during the 2016 Summer Season in order to register as a Returning Swimmer for the 2017 Summer Season.

Swimmers shall swim their age as of June 15, 2016 for the entire season.

A swimmer may "swim up" only in team relay events provided no swimmer from that age

group is displaced or otherwise denied participation. Any swimmer who “swims up” in one relay may still swim with his/her age group relay. However, the “maximum two (2) relays per dual meet” rule still applies.

Entry Sheets shall be submitted by both teams to their respective Meet Managers no later than Tuesday evening prior to the meet. Each entry shall note the swimmer’s age, and “best time” in the event. Deck entries will be allowed prior to the start of each stroke.

The referee at a meet and/or manager(s) at a practice or team event may bar, suspend, or expel from an RSTA event any swimmer, coach, manager, official, members of the RSTA, or any person (including spectators), who has violated any of its rules or regulations, or who encourages another to violate or who has acted in an unsportsmanlike manner that brings disrepute upon the RSTA, or upon the sport of swimming.

Starting blocks will not be used in any RSTA dual meet, IM Finals Meet, or the All Star Meet. RSTA will operate under a “No False Starts Allowed” rule, except for 8 & under swimmers, who are allowed one false start.

Swimmers shall not be permitted to compete in swim caps that include the name or insignia of any team other than an RSTA team.

Due to RSTA liability insurance, no RSTA swimmers, coaches, officials, parents, siblings, spectators, etc., may enter the water after the last event.

Changes to the Published Meet Program

The published meet program refers to the meet program that is posted on the RSTA website on the Friday before the meet. The host team cannot make changes to the meet manager database created for the meet by the League Computer Coordinator. Changes to the published meet program, “deck changes,” must be presented to the Clerk of Course at the meet before the event begins.

RSTA Deck Change Slip Procedures: The deck change slip will be reviewed and initialed by the requesting team manager and the opposing team manager. The Deck Change Slip is presented to the Clerk of Course and attached to the Lane Time Sheet. The slip summarizes the additions, changes, and scratches in swimmer entries as well as the approvals for them.

Official Times

Official RSTA times shall be expressed to the 100th-of-a-second (e.g., 36.94; 1:04.93).

To the best of our ability, each swimmer shall be timed with three (3) digital electronic stop-watches and the official time shall be either:

- The “middle time” (e.g., 36.54, 36.56, 36.51— the official time will be 36.54)
- The time appearing on two (2) watches in agreement (e.g., 36.55, 36.56, 36.56 — the official time will be 36.56).

Where circumstances (missed start, watch malfunctions, etc.) prevent the use of three (3) watches and the time appearing on two (2) watches is in disagreement, the official time shall be determined by the Scorers as follows: Average the two (2) times. Round up the average to the next highest 1/100th of a second. Examples:

- 36.51, 36.49—official time is 36.50.

- 36.50, 36.51-official time is 36.51.

No time from just one (1) watch shall be deemed an official time. In the event a swimmer, who has finished a race legally, can not be given an official time, the entire heat will be repeated, after at least a one heat break, and the times in this heat will be official.

A disqualified swimmer shall not receive an official time. Any disqualified swimmer shall abide by the decision of the referee, whose decision shall be final. No official judgment shall be rendered by another meet official (e.g., timers, starter, etc.).

Protests

Protests against official judgment decisions must be made immediately to the Referee by a Manager. Spectators may not challenge officials or rulings. Once a Referee's decision has been handed down, it shall become final. A meet protest can be made if and only if the outcome of the meet would be reversed. A written protest (e-mail) must be made to the Rules of Competition and Officiating Committee within 24 hours of completion of the meet. The Rules of Competition and Officiating Committee would have 72 hours to either uphold or reverse the Referee's decision. During a meet protest, neither the meet results nor those of a specific heat or event under protest shall become official and no awards or point will be granted. A grievance could be filed by a Manager to the Rules of Competition and Officiating Committee whereby the committee would work to find a solution to prevent the issue from repeating itself in the future.

Competition and Scoring

Individual Events—Competition and scoring in each individual event shall be based upon the points scored by each team's classification of swimmers' times competing against the other team's same classification of swimmers' times ("A," "B," "C"). To the extent possible, heats shall be organized to fairly reflect the different time classifications of the swimmers competing in the event and shall be run in order of descending time ("C," "B," "A"). Place shall be determined solely by official time.

First through third places shall be scored in each swimmer time category for each event and weighted accordingly:

1st = 5 points

2nd = 3 points

3rd = 1 point

Relay Events—Competition and scoring of relays shall be organized without regard to individual swimmer classifications and scored as follows:

1st = 8 points

2nd = 4 points

3rd = 2 points

In case of ties, the points of the places involved shall be split by the competitors. (A two-way tie for first place would equally share first and second place combined points, with no second place awarded. A three-way tie for first place would equally share first, second, and third place combined points, with no second or third place awarded. A two-way tie for second place would equally share second and third place combined points with no third place awarded. Points for any tie for third place would be split equally among the third place

winners.) Ribbons shall be awarded to first through third place in each stroke and class. Heat ribbons shall be awarded to any swimmer placing first in his or her heat but NOT placing first through third in their event or class (i.e., no swimmer shall receive both a heat and a place ribbon).

Results

Total points as computed by the Hy-Tek Meet Manager Program at the conclusion of the meet shall determine the winning team. Results are official at the end of the meet unless the meet is under protest. A manager from each team and the chief scorer will verify the validity of the final scores at the conclusion of the meet. After the managers and chief scorer have verified the scores, the Referee will certify the results by signing the official score sheet. No meets will be re-scored after the meet. In the event of an equipment failure that prevents the computation of the final meet results during the meet, the official score will be manually computed during the meet.

Postponement or Delay of Meet

The decision to delay a meet shall be by the sole decision of the most senior Reston Association (RA) employee at the pool who is not a coach of either team involved in the meet. The designated RA employee has the sole authority to close the pool. The decision to postpone a delayed meet shall be made by the referee at the request of both team managers.

NOTE: If lightning bolts or heat lightning is sighted, the pool is required to be closed for 30 minutes after the last lightning is sighted.

Rain Date Rules for Dual Meets

In the event that a meet must be postponed prior to completion of all events, it will be declared completed if the age group relays have been swum, and the team leading in the results will be declared the winner, except that the meet will be declared a draw under the following conditions:

- If the age group relays have been swum and the point differential is less than 50 points
- If the breaststroke events have been completed and the point differential is less than 25 points
- If the freestyle events have been completed and the point differential is less than 10 points.
- If the meet is swum through backstroke, a make-up will be scheduled to complete the meet. If the make-up meet is rained out, the meet will be considered completed and the team leading in the results will be declared the winner except that the meet will be declared a draw if the point differential is less than 50 points.
- If the meet is not swum through backstroke and if the make-up date is rained out, the meet will not be rescheduled and a score will not count toward championship standings. Individual times for all events swum, however, will be considered for All Star rankings.
- If the meet is stopped in the middle of a stroke (all age groups of stroke not swum) and that stroke is not completed on a make-up date, team points for that stroke will not be scored. However, individual times will be considered for All Star rankings.

There will be no make-up dates for meets not swum or not completed on or before Saturday, July 23, 2016.

Other Meets

I.M. FINALS MEET—JULY 20, 2016

A special Individual Medley (I.M.) Finals meet will be held on Wednesday, July 20, 2016 (rain date: Thursday, July 21, 2016) at the Lake Newport Pool at 6 p.m. If the rain date is used, only those swimmers entered for the original date may swim in the make-up meet. Awards will be given for places 1–12.

The meet will be swum by age group from youngest to oldest (8 & Under to 15–18). Swimmers need to be on time and swim with their own age group. All DQs are final. The false start rules will apply at this meet except that the swimmer will be allowed to swim the event unofficially.

Swimmers who wish to compete in this event, and who are deemed capable of doing so by their team coaches, may do so. It is strongly recommended that swimmers have a valid time for each stroke before being entered in this strenuous event.

ALL STAR MEET—JULY 30, 2016

An All Star Meet will be held on the last Saturday of the season, July 30, 2016 (rain date: Sunday, July 31, 2016) at the Lake Newport Pool beginning at 7:30 a.m. Team warm up times will be assigned prior to the All Star Meet.

To the extent possible, the top 12 swimmers in each stroke by gender and age group, as determined by the final RSTA rankings, shall be invited to compete in this meet with no swimmer competing in more than two (2) of the four (4) individual events (Free, Back, Breast, Fly). A swimmer also will be able to swim in the age group and mixed age relays should the coach select them.

A list of the fastest swimmers in each age, gender, and stroke will be maintained during the season with a list of these swimmers being published weekly. Swimmers may still qualify up to and including the last dual meet of the season. Due to the limit on the number of strokes (2) a swimmer is allowed to swim in the meet and the fact that some swimmers will be unavailable for the meet, swimmers ranked beyond #12 frequently will be invited to swim in the meet. It's important for swimmers to let coaches and managers know if they will not be available to swim in the All Star Meet.

After the last dual meet, a list of the top 12 available swimmers in each age, gender, and stroke will be drawn up with each eligible swimmer being allowed to swim in two of the four strokes. Any swimmers qualifying as #1 in four strokes will be asked to choose the two strokes they wish to swim, all others will be placed using an automated software process to manage the seeding in a fair, equitable, and repeatable manner. The software process seeds the #1 swimmer in fly, back, breast, then free and then seeds the #2 swimmer in that same stroke order, with each swimmer only being selected for two individual events. Once a swimmer has been selected for two events, their name drops out of consideration for the other two events and other swimmers may move up in the overall rankings. Swimmers who are ranked #1 in more than two events are the only swimmers given the option of expressing a preference.

The order of events at the All Star Meet shall be:

Strokes: Fly, Back, Age Group Relays, Breast, Free, Mixed Age Relays

Age Groups: 8 & Under, 9–10, 11–12, 13–14, 15–18

Gender: Boys then Girls

Note: This follows the same order as the regular season dual meets.

Special awards shall be given for the All Star Meet. For individual events, swimmers placing 1–6 shall receive medals; those placing 7–12 shall receive rosette ribbons. In the relay events, the top three teams shall receive medals and places 4–9 shall receive rosette ribbons. DQs shall receive participation ribbons if the event is swum. The false start rules will apply at this meet except that the swimmer will be allowed to swim the event for a participation ribbon.

Pins or badges for records set at this meet will be given to the swimmer with their award.

Officials shall be selected by the All Star Committee. Except as noted above, the All Star Meet shall be conducted in accordance with the RSTA Rules of Competition.

Souvenir programs listing each swimmer's name, team and qualifying time will be available on the RSTA website for downloading and printing at home prior to the meet. Food and beverages will be available for purchase.

Note: Every effort must be made to let your coaches or managers know if a swimmer will be unavailable to swim in the All Star Meet. It is important to fill all 12 slots for every event and it is very disheartening to have “no-shows.” This consideration also applies to relays. Swimmers must swim in their designated age groups. Swimmers may not swim up in age group relays at the All Star Meet.

Rules for Swimming the Strokes

In case of any questions or disputes concerning the rules for swimming the strokes, the 2016 United States Swimming Rules and Regulations shall govern.

Breaststroke

Start—The forward start shall be used.

Stroke— After the start and after each turn when the swimmer leaves the wall, the body shall be kept on the breast. It is not permitted to roll onto the back at any time except at the turn after the touch of the wall where it is permissible to turn in any manner as long as the body is on the breast when leaving the wall. Throughout the race the stroke cycle must be one arm stroke and one leg kick in that order. All movements of the arms shall be simultaneous and in the same horizontal plane without alternating movement.

The hands shall be pushed forward together from the breast on, under, or over the water. The elbows shall be under water except for the final stroke before the turn, during the turn and for the final stroke at the finish. The hands shall be brought back on or under the surface of the water. The hands shall not be brought back beyond the hip line, except during the first stroke after the start and each turn.

During each complete cycle, some part of the swimmer's head shall break the surface of the water. After the start and after each turn, the swimmer may take one arm stroke completely back to the legs. The head must break the surface of the water before the hands turn inwards at the widest part of the second stroke.

Kick— After the start and each turn, at any time prior to the first breaststroke kick a single butterfly kick is permitted. Following which, all movements of the legs shall be simultaneous and in the same horizontal plane without alternating movement.

The feet must be turned outwards during the propulsive part of the kick. Scissors, alternating movements or downward butterfly kicks are not permitted except as provided herein. Breaking the surface of the water with the feet is allowed unless followed by a downward butterfly kick.

Turns and Finish—At each turn and at the finish of the race, the touch shall be made with both hands separated and simultaneously at, above, or below the water level. At the last stroke before the turn and at the finish an arm stroke not followed by a leg kick is permitted. The head may be submerged after the last arm pull prior to the touch, provided it breaks the surface of the water at some point during the last complete or incomplete cycle preceding the touch.

Butterfly

Start—The forward start shall be used.

Stroke— After the start and after each turn, the swimmer's shoulders must be at or past the vertical toward the breast. The swimmer is permitted one or more leg kicks, but only one arm pull under water, which must bring the swimmer to the surface. It shall be permissible for a

swimmer to be completely submerged for a distance of not more than 15 meters (16.4 yards) after the start and after each turn. By that point, the head must have broken the surface. The swimmer must remain on the surface until the next turn or finish. From the beginning of the first arm pull, the body shall be kept on the breast except at the turn after the touch of the wall where it is permissible to turn in any manner as long as the body is on the breast when leaving the wall. Both arms must be brought forward simultaneously over the water and pulled back simultaneously under the water throughout the race.

Kick—All up and down movements of the legs and feet must be simultaneous. The position of the legs or the feet need not be on the same level, but they shall not alternate in relation to each other. A scissors or breaststroke kicking movement is not permitted.

Turns—At each turn the body shall be on the breast. The touch shall be made with both hands simultaneously at, above, or below the water surface. Once a touch has been made, the swimmer may turn in any manner desired. The swimmer's shoulders must be at or past the vertical toward the breast when the feet leave the wall.

Finish—At the finish, the body shall be on the breast and the touch shall be made with both hands separated and simultaneously at, above, or below the water surface.

Backstroke

Start—The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the ankles of a volunteer. Standing in or on the gutter, placing the toes above the lip of the gutter, or bending the toes over the lip of the gutter, before or after the start, is prohibited.

Stroke—The swimmer shall push off on his back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it is permissible to be completely submerged during the turn, at the finish and for a distance of not more than 15 meters (16.4 yards) after the start and after each turn. At that point, the head must have broken the surface of the water.

Turns—Upon completion of each length, some part of the swimmer must touch the wall. During the turn the shoulders may be turned past vertical toward the breast, after which a continuous single arm pull or a continuous simultaneous double arm pull may be used to execute the turn. The swimmer must have returned to a position on the back upon leaving the wall.

If, upon completion of the first length, but prior to the turn, the swimmer rolls over onto the stomach and immediately touches the edge of the pool, he may push off the wall in a position on the back. If the swimmer rolls over onto the stomach prior to reaching the edge of the pool, but does not perform a flip turn, the swimmer has turned past the vertical toward the breast but has not maintained a continuous turning motion, and is therefore disqualified.

Finish—Upon the finish of the race, the swimmer must touch the wall while on the back.

Freestyle

Start—The forward start shall be used.

Stroke—In an event designated freestyle, the swimmer may swim any style, except that in a medley relay or individual medley event, freestyle means any style other than butterfly, breaststroke, or backstroke. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn. By that point the head must have broken the surface.

Turns—Upon completion of each length the swimmer must touch the wall.

Finish—The swimmer shall have finished the race when any part of his person touches the wall after completing the prescribed distance.

Individual Medley

The swimmer shall swim the prescribed distance in the following order: the first one-fourth, butterfly; the second one-fourth, backstroke; the third one-fourth, breaststroke; and the last one-fourth, freestyle.

Start—The forward start shall be used.

Stroke—The stroke for each one-fourth of the designated distance shall follow the prescribed rules for that stroke.

Turns—The turns when changing from one stroke to another shall conform to the finish rules for the stroke just completed, and shall be as follows:

- Butterfly to Backstroke—The swimmer must touch as described in Butterfly Finish. Once a legal touch has been made, the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the back when the swimmer leaves the wall.
- Backstroke to Breaststroke—The swimmer must touch the wall while on the back. Once a legal touch has been made, the swimmer may turn in any manner, but the shoulders must be at or past the vertical toward the breast when the swimmer leaves the wall and the prescribed breaststroke form must be attained prior to the first arm stroke.
- Breaststroke to Freestyle—The swimmer must touch as described in Breaststroke Finish. Once a legal touch has been made, the swimmer may turn in any manner.

Finish—The swimmer shall have finished the race when any part of his or her person touches the wall after the prescribed distance.

Relays

Freestyle Relay—Four swimmers on each team, each to swim one-fourth of the prescribed distance using any desired stroke(s). Freestyle finish rules apply.

Medley Relay—Four swimmers on each team, each to swim one-fourth of the prescribed distance continuously in the following order: first, backstroke; second, breaststroke; third, butterfly; and fourth, freestyle. Rules pertaining to each stroke used shall govern where applicable. At the end of each leg, the finish rule for each stroke applies in each case.

Mixed Age Freestyle Relay—Five swimmers on each team, consisting of one swimmer from each of the five age groups: 10 & under swimmers shall swim 25 meters each; 11 & over swimmers shall swim 50 meters each. Freestyle rules apply. It shall be the responsibility of the swimmers in the mixed age freestyle relay to swim in the following order: 8 & Under swimmer, 9–10 swimmer, 11–12 swimmer, 13–14 swimmer, and 15–18 swimmer. If a team is unable to create a mixed age relay because they do not have an available swimmer from each of the five age groups, swimmers may age up to create relays and participate in the event. A swimmer may “swim up” only in team relay events provided no swimmer from that age group is displaced or otherwise denied participation. Any swimmer who “swims up” in one relay may still swim with his or her age group relay.

Rules Pertaining to Relay Races

- For all age group relays at least one swimmer must be of that age group. No swimmer shall swim more than one leg in any relay event.
- In relay races a swimmer other than the first swimmer shall not start until his/her teammate has concluded his/her leg. Swimmers cannot run when making a relay takeoff.
- Any relay team member and his relay team shall be disqualified from a race if a team member other than the swimmer designated to swim that leg shall jump into or enter the pool in the area where the race is being conducted before all swimmers of all teams have finished the race.
- Each relay team member shall leave the water immediately upon finishing his/her leg, except the last member.
- In relay races, the team of a swimmer whose feet have lost touch with the starting platform (ground or deck) before his/her preceding teammate touches the wall shall be disqualified.
- Relay lanes for the home team shall be 2, 4, and 6 and for the away team shall be 1, 3 and 5.

RSTA Winter Swim Program

RSTA provides a year round swimming opportunity for area swimmers. While the summer league runs from the end of May through the end of July, the winter swim program runs from September to the end of May. Sessions are held at the indoor pool of the Hunters Woods Reston Community Center (RCC) facility. Winter swim, like all RSTA programs, has prerequisites. Participants must be proficient in at least 1–2 strokes, OR be able to swim two laps without assistance. The classes offered (based on eligibility requirements and schedule) are listed below.

The Sunday Night program is perfect for younger swimmers. This program focuses on developing proper stroke technique. In the 25-meter pool, swimmers learn and practice the four competitive strokes. All coaches work on deck and in the water with the swimmers to improve their technique.

- Fall Sunday Night Program (September to December)
- Winter Sunday Night Program (January to April/May)

The Tuesday/Thursday night program is an advanced program focusing on improving proper stroke technique and endurance. All coaches work on deck and in the water with the swimmers to improve their technique.

- Fall Tuesday/Thursday Program (September to December)
- Winter Tuesday/Thursday Program (January to April)

The Spring Stroke and Turn program is geared toward swimmers who would like to improve their stroke technique with a specific focus on starts and turns. Swimmers practice drills to improve their technique before the summer swim team season begins. Coaches work on deck and in the water with the swimmers to correct their technique.

- Spring Stroke and Turn (Sunday Mornings from January/February till May)

Pre-Season Prep will help swimmers get a jump start on the summer season by reviewing the four competitive strokes, working on drills to improve their stroke technique, and practicing starts and turns. Pre-Season Prep runs Tuesday/Thursday from April to May.

Important information Regarding Registration and Participation:

- The programs are run at the RCC facility which is leased for the sessions.
- Registration is on a first-come-first-serve basis; there are no wait lists.
- No refunds are issued on the registration fee, unless in case of a medical emergency.
- There are no swim tests; swimmers who do not meet eligibility requirements in the first class will be required to withdraw from the program with NO refund.

In order to provide a safe and rewarding swimming experience:

- Parents and siblings are NOT allowed on the pool deck once a session starts.
- Please refrain from talking to the coaches once the session has started; they need to focus on the swimmers' safety and learning. Questions and/or concerns can be addressed with the coaches at the end of the class.
- The Winter Swim Coordinator is always open to discussing your child's progress, along with the Head Coach (prior to or after the session).

Frequently Asked Questions

When and how often are summer practices?

Practices are scheduled every day during the week. Until school gets out, practices are in the evenings: 10 and under swimmers practice from 7:00 pm – 7:40 pm and 11 and older swimmers practice from 7:45 pm – 8:30 pm. Once school gets out, practices are every morning during the week: 10 and under swimmers practice from 8:00 am – 8:40 am and 11 and older swimmers practice from 8:45 am – 9:45 am. (*Note: Some teams have logistical concerns that may cause their practice times to be adjusted slightly. Please check your team's information page for the exact times.*)

Are swimmers required to wear an official team suit?

No. Each team selects an official suit each year—and Sport Fair comes to the pool one night early in the season for swimmers to buy the suit—but a previous year's team suit or any competition swim suit is acceptable for meets and practices.

Are swimmers required to swim in every meet?

No. While we encourage swimmers to swim in every meet, swimmers must swim in at least three meets to retain their eligibility to be on the team again next year. It's very important to let one of the managers know if a swimmer will not be at a meet, or will be arriving late or leaving early—it's very frustrating when coaches and managers spend time looking for someone who isn't even there!

How are meets seeded?

Coaches seed the meets (that means they determine which swimmers are swimming in which events) during the week before a meet, so it is very important to let one of the managers know as soon as possible if a swimmer will not be at a meet. Each event has several heats, with up to six swimmers in each heat. The number of heats will be determined by how many swimmers are entered in the event. The slower heats are run first, and the fastest swimmers are in the last heat. Within each heat, the swimmers with the fastest times will be in lanes 3 and 4, and the swimmers with the slower times will be in lanes 1 and 6.

How do I know what my swimmer is swimming?

Meet sheets—a guide to all the heats in all the events—are posted on the RSTA website (www.rsta.org) on Friday nights. It's a good idea to print one out to bring to the meet so you can follow along and know who's swimming. Especially for younger swimmers, it's a good idea to write the swimmer's events on his or her arm with a Sharpie. For example, if the swimmer is swimming backstroke in heat three, lane three, write BK H3L3 on their arm.

Why do all swimmers need to check in with the clerk of course?

The clerk of course—usually located under a big umbrella at the pool—is charged with confirming swimmers in each event (heats and lanes) and for lining up the 8 & Under swimmers in their heats. By checking in with the clerk of course meet delays can be avoided.

How many events can a swimmer be entered in during a meet, and who decides what events a swimmer is entered in?

A swimmer may enter a maximum of three (3) individual events and two (2) relays in any

dual meet. Coaches make the determination of what events a swimmer will be entered in, based on their knowledge of the swimmer's skills.

What is the order of events at a meet?

Events are swum from youngest to oldest (8 & under first, then 9–10, 11–12, 13–14, 15–18) with boys swimming first, in the following order:

Butterfly

Backstroke

Freestyle Relay

Breaststroke

Freestyle

Age group medley relay

How are meets scored?

Swimmers are divided into A, B, or C classes based on how fast their times are relative to the RSTA Time Standards (available on the RSTA website and the handbook). First, second, and third place points are awarded in each class for each event (so C class swimmers can earn as many points for the team as A class swimmers) and weighted accordingly:

- 1st = 5 points
- 2nd = 3 points
- 3rd = 1 point

Relay Events—Competition and scoring of relays shall be organized without regard to individual swimmer classifications and scored as follows:

- 1st = 8 points
- 2nd = 4 points
- 3rd = 2 points

Where can I find meet results?

Event results are posted as soon as possible at the meets. Final results can be found on the RSTA website a day or two after the meets.

My child finished first in her heat: why didn't she get a first place award?

RSTA dual meets may include multiple heats for a given stroke and age group. If your child swam in a heat and placed first in that heat, he or she may have a time that qualifies him/her to be in an A, B, or C swim category. All swimmers in a particular category compete against each other. For example, your child swam in heat 2 against other Category B swimmers, and placed first in that heat. However, his time ended up being an "A" time according to RSTA rules. If the swimmer's time placed first through third within the "A" group swimmers, he/she will receive a ribbon; if not, he/she will not receive a ribbon. Your child should then receive a heat winner ribbon.

My child didn't finish first in his heat, yet he received a first place award; why is that?

Awards are given based on final times for each stroke and age group in A, B, and C swim categories (see time standards elsewhere in this handbook). Sometimes a swimmer swims in a heat with swimmers from different categories, so for example, a swimmer could earn a first

place award in C category if he or she “lost” to B category swimmers in the same heat.

What is the IM Finals Meet?

The Individual Medley (IM) Finals meet is a special RSTA-wide event held once each summer. This year, the IM Finals meet will be held on Wednesday, July 20, 2016 at 6:00 p.m. at Lake Newport Pool. The rain date is Thursday, July 21, 2016 at Lake Newport Pool.

What is an Individual Medley?

In RSTA, the Individual Medley is a 100-meter event — each swimmer swims 25 meter butterfly, 25 meter backstroke, 25 meter breaststroke, and 25 meter freestyle, in that order.

Who can participate in the IM Finals Meet?

RSTA encourages maximum participation in league-wide events. Swimmers who wish to compete in this event and who are deemed capable by their team coaches may do so. Swimmers must be able to swim four legal strokes and preferably have no “C” times. Please note the 100-meter IM is a long and strenuous event and may not be suited to the stamina of all swimmers, especially younger and/or less experienced swimmers.

How is the IM Finals Meet seeded?

Swimmers will be seeded according to a composite time using all four strokes. We strongly encourage any swimmers who participate in the IM Finals meet to have legal times in all four strokes and preferably have no “C” times. If for some reason a swimmer does not have a time for a stroke (i.e., a meet cancelled due to weather, sickness, etc.), but their coach verifies that they have a legal stroke, then the fastest “C” time for that stroke, gender and age-group from the RSTA 2015 Standards will be used.

What is the All Star Meet?

The All Star Meet is a league-wide event held once each summer and marks the end of the RSTA season. This year, the All Star meet will be held on Saturday, July 30, 2016 at 7:30 a.m. at Lake Newport Pool. The rain date is Sunday, July 31, 2016 at Lake Newport Pool.

Who can participate in the All Star Meet?

To the extent possible, the top 12 swimmers in each stroke by gender and age group are invited to compete in the All Star Meet, with the caveat that no swimmer will compete in more than two of the four individual events. This caveat is designed to allow for maximum participation in this league-wide meet. Swimmers may qualify for All Stars up to and including the last dual meet of the season. League-wide top times are posted on the RSTA website after each weekend of dual meets, so swimmers can check where they are in the rankings for their age group.

How is the All Star Meet seeded?

RSTA uses an automated software process to manage the seeding in a fair, equitable, and repeatable manner. The software process seeds the #1 swimmer in fly, back, breast, then free and then seeds the #2 swimmer in that same stroke order, with each swimmer only being selected for two individual events. Once a swimmer has been selected for two events, their name drops out of consideration for the other two events and other swimmers may move up in the overall rankings. Swimmers who are ranked #1 in more than two events are the only

swimmers given the option of expressing a preference.

Why can't my child chose what events he or she wants to swim at All Stars?

Allowing swimmers to choose their events complicates the seeding process immensely. Following a standard, automated seeding process ensures the seeding process is fair and equitable for all swimmers and also simplifies and streamlines what in the past was a very complex, error-prone, and labor-intensive method.

Why does my team manager keep asking me if my child will be available for All Stars?

In concert with RSTA's desire for maximum participation in this special event, we want to see every lane filled at the All Star Meet. If for some reason a swimmer who is ranked in the top twelve is not able to swim, that opens up a spot for another participant. Swimmers ranked beyond #12 are frequently invited to swim at All Stars. Please, don't wait until the last minute to let your coach or manager know if you WON'T be available for All Stars—re-seeding the meet is very complicated and time consuming!

Are there relays at All Stars?

Yes, there are relays at All Stars. There are Age-Group Relays as well as Mixed-Age Relays. Swimmers may swim in two individual events and two relays, if they are selected by their coaches for the relays. Note that some swimmers may only be selected for relays and might not swim in individual events.

What volunteer opportunities are available for parents?

Our teams depend on parent volunteers—it really does take a village to run a swim meet! Parents are expected to volunteer to work at a minimum of three meets. Volunteer positions include such things as lane timer (we need three per lane!), stroke and turn judge, concessions, 8 and under helper, and so forth. In addition to volunteering at meets, teams also need parent volunteers for such tasks as organizing the end of season party, handling spirit wear orders, updating the website, organizing pasta parties, and more! Teams handle sign-ups for volunteers in a variety of ways, so check with your team managers to see how you can help.

Why do swimmers dive in to the shallow end of the pool to start RSTA events when RA has a no diving rule for that end of the pool?

RSTA takes the safety of our swimmers very seriously, and that is why the older swimmers start from the shallow end of the pool. This allows them to perform their flip turns in the deeper end of the pool, avoiding scrapes that would occur if they were trying to flip in the shallow end. At the beginning of the season, coaches have all swimmers first demonstrate the ability to do shallow head-first entries into deep water. They ensure that swimmers can execute a shallow head-first entry before attempting to teach racing starts. Swimmers are not allowed to practice any racing starts unsupervised; a coach must be near the swimmer when they are practicing diving or during a meet. Because both the Head Coach and the Assistant Head Coach have Water Safety Instructor certifications, one of those two individuals will supervise diving activities. Reston Association makes an exception to the diving rule during RSTA practice and meets based on the direct supervision and knowledge of the certified Water Safety Instructors who teach the skill.

RSTA and RA— a great partnership since 1972

RSTA is proud of our long-standing partnership with Reston Association. Since 1972 we have been helping RA with its mission to “foster the fullest usage of the lands and facilities managed by it and serve the leisure time needs of the Association residents by establishing and seeking actively to have established leisure time programs in the Association facilities and lands.” RSTA’s swim teams engage 990 swimmers at RA pools throughout Reston each summer and bring countless other people—parents, siblings, spectators—to the pools in support of these swimmers.

Thanks Reston Association for your support of RSTA!
